**Identity: Learning about myself and others**

## **Day Programme**

**Group:** Various group sizes

### **One School Model:**

This programme is suitable for individual schools seeking to explore identity in a deep way and to complement and dovetail with work being undertaken as part of the school curriculum. It allows pupils to experience diversity within a safe setting in an International learning environment. The programme also helps to build relationships between students as part of the process of personal development and mutual understanding.

### **Two schools model:**

This programme is a perfect fit for schools seeking to explore identity as part of a shared education programme whilst building relationships between students as part of the process of developing mutual understanding. The programme will link in with work being undertaken as part of the school curriculum and help to prepare the students for ongoing work together within the two schools.

**Aims and Objectives of the day:** This programme will focus on in depth sessions around Identity and Diversity to include International Café and various identity themed teambuilding activities.
